

Kaphar hunnu bhandam marunu ramro

(Better dead than a live coward)

Nepal is the land where the world's highest point is, the summit of Sagarmatha
(Everest)

Birthplace of Lord Buddha and land of the Gurkhas, who are brave soldiers.
Nepalese cuisine is a combination of subtle tastes and flavours: ginger, garlic,
cumin, coriander, chillies, turmeric and more.

The master chef and his team are delighted to take time to prepare the dishes each
time a customer orders them using fresh ingredients and the highest quality spices
and herbs. Nepalese food is found to be refreshing, tasty and low in fat.
